THE WEEKLY DIGEST

INDEX TO VOLUME 59

JANUARY THROUGH JUNE 1970

Items in QUOTE are arranged alphabetically according to subject matter. In the semi-annual index, the first numeral in each reference indicates the page, therefore "ABILITY — 146;" tells you that an item on Ability will be found on page 146.

One or more letters following a page number, refer to material in regular departments. For example: "ANIMALS, Watchdogs — 190-LA;" indicates that an item on that subject is in Light Armour on page 190. The reference to "ABSENTMINDEDNESS — 379-j;" means that an item on that subject will be found in the regular Good Stories section on page 379 under index letter j.

Quotations in the section May We QUOTE You On That? are also numbered and a reference such as "AIR POLLUTION, Automobiles — 457-Q;" refers to a quotation on that subject on page 457 in the May We QUOTE . . . section. When the letter "t" follows the Q as in the reference "ALASKA, Nerve Gas — 600-1Q-t;" it indicates the special Quote-ettes feature on page 600.

A complete list of department abbreviations appears below:

SECTION TWO of this index alphabetically lists the names of all individuals quoted in this volume of QUOTE, as well as all persons to whom reference is made in any quotations or departments. The same reference symbols apply in both sections of the index.
